#### PROFILE

A	95mm
B	117mm
C	17mm

#### CHOOSE YOUR INSERT COLOUR

##### Brush

Brush is a synthetic fibre which is made to imitate natural Coir. The synthetic nature of the insert combined with rubber backing results in a highly durable product. Suitable for both internal and external applications. Ideal for locations that require a natural look and feel or Federation refurbishments.

Other colours available on request

COCO 141

BLACK 142

#### CHOOSE YOUR ALUMINIUM FINISH

##### Clear Anodised

A process for producing a translucent film of aluminum oxide which forms an integral part of the aluminum. This creates a very thin coating of immense hardness. Standard anodising is 15-20um (microns).

##### Black Anodised

Follows the same process as clear anodising but the aluminium is immersed into a tank full of dye which absorbs into the pores of the anodised coating until the depth of colour is obtained.

#### HOW TO SPECIFY

Copy the prewritten specification below and update all sections in brackets to create your project specification.

##### Description

Monumat Bold-Brush 1 profile in (clear/black) anodised finish aluminium with (nominate insert colour) insert to be installed within (MF1235/RF1296) (clear/black) anodised aluminium perimeter frame.

##### Example - Typical Specification

Monumat Bold-Brush 1 profile in clear anodised finish aluminium with charcoal insert to be installed within MF1235 clear anodised aluminium perimeter frame.
